

# Spanish Time and Weather Lotto

Included are 8 different playing boards, 37 draw cards, and 3 “LIBRE” draw cards for optional use.

Several draw cards can be used to match more than one picture. For example, “otoño” can match the “autumn” picture, the tree picture with falling leaves, several of the other weather pictures, or even one of the months that are part of autumn. LIBRE cards can be used to cover any space.

Make sure to announce your preferences before the game begins.

Choose a way to win:

- ALL spaces must be covered to win OR
- Only 4 particular spaces must be covered (4 corners, 4 middle and/or one row or column)

Choose a method of play:

- Make **one copy** of the draw cards, put them in a draw bag (or hat), have players draw one card each turn and lay a bean or other marker on an appropriate space on their board, returning the card to the bag or hat and calling out their win when they have enough spaces covered. In order to verify their win, the player must say at least one correct Spanish phrase for each space they used to win. (harder)
- Make **several copies** of the draw cards, put them in a draw bag (or hat), have players draw one card each turn and lay it on an appropriate space on their board, calling out their win when they have enough spaces covered. In order to verify their win, the player must simply read the Spanish phrases on the draw cards they used for their win. (easier)
